

## Course

### Language Arts 7

*Language Arts 7 is a multi-faceted course that covers numerous topics. In the fall semester, students will strengthen and expand their existing grammar skills, and apply this knowledge through both semesters to their everyday communication with writing and speaking. In addition, students will study Greek and Latin roots and corresponding keywords to increase vocabulary knowledge and usage. We will also have a poetry focus to paint vivid imagery into the students' minds, bringing art to life through words. In the spring semester, short stories and novels will expose them to numerous authors and styles of writing, which will be examined from a Christian perspective. These pieces are meant to promote reading comprehension as well as character-building themes. Writing will be incorporated throughout the year with creative writing, essay writing, and writing about literature through analysis and response.*

Recommended Grade Level: 7+

Prerequisites: Students need a basic knowledge of the 8 parts of speech and the ability to write multi-paragraph compositions using proper capitalization and punctuation.

### Required Curriculum (no e-books nor CD versions)
