

Course

US History

This high school level course offers a journey through U.S. history, beginning with the pre-Columbian period and extending to the present day. Taught from a Christian worldview, the course is designed to provide students with an understanding of the key events, figures, and ideologies that have shaped the United States. By exploring the narrative of America through the lens of faith, students will engage with historical events and figures to construct a better understanding of the country in which they live. This course is one semester and you should check with your umbrella school about individual credits.
