

Course

World Geography

In this high school course, students are invited on an amazing race around the world to explore the physical and human geography of our planet, guided by a Christian perspective. Utilizing maps, case studies, and collaborative projects, the course aims to foster a deep understanding of global diversity and the challenges facing our world. Students will be prepared to thoughtfully and responsibly engage with the world around them, equipped with knowledge and insights grounded in their Christian faith. This course is one semester and you should check with your umbrella school about individual credits.
